

Option #1 - Single Payment for HMS Songlearning Legacy Library™

The Legacy Library™ is now sold on a sliding scale based on the number of singers in your choir.

<u>Size of Choir</u>	<u>Price of Legacy Library™</u>
20 - 50 singers =	\$250 + \$10 S&H + \$30 cost of flash drive = \$290
51 - 100 singers =	\$350 + \$10 S&H + \$30 cost of flash drive = \$390
101 or more singers =	\$450 + \$10 S&H + \$30 cost of flash drive = \$490

We've made the price of entry so simple and inexpensive, that any choir — no matter what size — can afford the Legacy Library™. You will own a LIFETIME license to use Songlearning Tracks for 375 works! No one in your choir will ever again have to purchase rehearsal tracks for any work in the Library — and it is a HUGE library!

The price includes:

- 128GB Flash Drive containing Songlearning™ MP3 Masters of 375 works
- Hard copy of full catalog of works, by composer/arranger in alpha
- Extra copy of full catalog stored on the Flash Drive as PDFs

Those who normally don't need rehearsal tracks will be able to shrink the time they learn their music, as well as use the tracks to memorize their music as they drive to and from work, which will result in watching their director more and their scores less, and that should please their director!

PLEASE NOTE: See the separate Purchase Option #2 - Payment Plan for HMS Songlearning Legacy Library™ which explains in detail how you can purchase Master sets of MP3s or CDs over a period of time, which will all count toward the cost of a Legacy Library™. It's the painless way to purchase a Legacy Library™. (No interest involved, by the

way.)

Purchase Option #2 - Payment Plan for HMS Songlearning Legacy Library™

If purchasing the Legacy Library™ by payments is easier on your budget, here's how you can do it:

Purchase a set of Master Songlearning MP3 Tracks™ of any work in the catalog (please call us to check on the price). HMS will keep a record of the Master MP3 Tracks you purchase. When the total spent on the Master MP3 sets reaches the amount needed for your choir to qualify for a Legacy Library™, including the \$10 S&H + the \$30 cost of the flash drive, the Legacy Library™ will be sent to you via tracked Priority Mail.

The Legacy Library™ is now sold on a sliding scale based on the number of singers in your choir:

<u>Size of Choir</u>	<u>Price of Legacy Library™</u>
----------------------	---------------------------------

20 - 50 singers =	\$250 (plus \$10 S&H + \$30 cost of flash drive)
-------------------	--------------------------------------------------

51 - 100 singers =	\$350 (plus \$10 S&H + \$30 cost of flash drive)
--------------------	--------------------------------------------------

101 or more singers =	\$450 (plus \$10 S&H + \$30 cost of flash drive)
-----------------------	--------------------------------------------------

As a hypothetical example — at the 50 member cost of \$250, if you were to make the following purchases of Master MP3 Sets over the space of a year or so:

\$99 Rutter - *Magnificat*

\$59 Duruflé - *Requiem*

\$99 Bach - *Christmas Oratorio*

\$59 Poulenc - *Gloria*

\$316 You would have qualified to receive the full Legacy Library™ of 375 works in about a year of committing to the “payment plan” without having spent a dime for the Library itself. (No interest will be charged.)

Please Note: Those members who regularly purchase Individual Songlearning Tracks would most likely be willing to help donate the cost of the Master MP3 Sets. If a single member of each section (in an SATB choir) donated \$24.75, or about \$8 more than what they would normally spend on a single Songlearning CD (@ \$12.99 + \$3.75 S&H), they would provide

Master MP3s (Masters licenses you to duplicate or share) for their entire section. This is 25% of the cost of a full set of Master MP3 Tracks for all voice parts for a work priced at \$99.
